

## See What Our Clients Say About Us!

My name is Andrew Rincon, and I am the owner of CraigO's Pizza Lakeway and the CraigO's Food Truck. Partnering with Lone Star Local has allowed our business to achieve sustained growth over the last couple of years in a difficult market. We love Lone Star Local because it is a high quality publication that stands out to readers. But more than that, we love the Inside Coup because it drives a response unlike other advertising methods we have tried in the past. Typically we see over a hundred redemptions the first week the publication is delivered and redemptions continue in the weeks after. CraigO's has tried many different ways to advertise our business and Lone Star Local has been the most consistent method to produce results.
